

International Meeting 3D Surgery & Custom Plates Upper Extremity

January 26, 2024

Hospital Universitario Dexeus · Barcelona

Directors

Dr. Xavier Mir
Dr. Sergi Alabau

ICATME Hand Team

Dra. Lidia Ana Martín
Dr. Albert Pardo
Dra. Inés Farré
Dra. Leila Felus

Professors

Dr. Pedro Atilano
Dr. Osman Benavides
Dr. Ramón Cancelo
Dra. Marta Gomes
Dr. Jose Manuel Teixeira

Ing. Nuria Monill
Ing. Sergi Coderch

Program

08:00 - 08:30h *Accreditation*

08:30 - 08:35h **Introduction to the course**

08:35 - 09:00h **Principles of Customized Implants**

09:00 - 13:30h Main Indications
Anomalous consolidation in Distal Radius Fractures

Extraarticular

Type of Correction:

Osteotomy type:

Plate model: 3D design and manufacturing

Bone graft: yes or not

Workshop: plastic models

11:00 - 11:20h *Coffee break*

Intrarticular

Correction: opening fourth space

Osteotomy type

Plate model: 3D design and manufacturing

Bone graft: yes or not

Workshop: plastic models

Specific cases in the wrist

Kienböck disease

Madelung disease

Specific cases in the hand

Anomalous consolidation in Humerus and Ulnar

Personalized Implants for rhizarthrosis

13:30 - 15:00h *Lunch*

15:00 - 17:30h **Discussion of real cases**

If you have a case that you want to share, discuss and perform 3D surgery, send us the CT scan and description before January 4, 2024.

e-mail: engineering@valorimplant.com

Venue

Hospital Universitario Dexeus
Auditorium
C/ Sabino Arana, 5-19
08028 Barcelona
