Hospital Universitario  
**Fundación Jiménez Díaz**

Grupo  **quirónsalud**

## PROGRAMA

---

### 16:00 WELCOME

**Dr. Javier Martín Broto.** (Head of Sarcoma Unit Fundación Jiménez Díaz and Quirónsalud public hospitals) and **Dr. Jesús García Foncillas** (Head of Oncology Fundación Jiménez Díaz and Quirónsalud public hospitals)

#### Table 1.

**Moderators (TBC):** Dr. Jesús García-Foncillas y Dr. Javier Martín-Broto

### 16:05- 16:25

#### Looking for new drugs in silico

**Dr. Paulino Gomez-Puertas.** Head of Molecular Modeling Group. Centro de Biología Molecular "Severo Ochoa" (CBMSO, CSIC-UAM)

### 16:25- 16:45

#### High-throughput drug screening in sarcoma

**Dr. Heather Hayenga.** Assistant Professor, Department of Bioengineering. University of Texas, Dallas

### 16:45-17:05

#### Targeting translocation-related sarcoma with a biological approach

**Dr. Patrick Grohar.** Children's Hospital of Philadelphia, Philadelphia, PA

### 17:05-17:20

#### Discussion

#### Table 2.

**Moderators (TBC):** Dra. Nadia Hindi y Dr. Jesús García-Foncillas

### 17:30- 17:50

#### Optimizing drug synthesis

**Carmen Cuevas.** Vice President Research & Development Pharma Mar S.A., Colmenar Viejo (Madrid), España

### 17:50-18:10

#### Biomarkers in Oncology: the relevance of choosing the right drug for the adequate population

**David Moura.** Postdoctoral Researcher. ATBsarc research Group. Instituto de Investigación Sanitaria-Fundación Jiménez Díaz (IIS-FJD)

### 18:10 -18:30

#### Discussion

#### Table 3.

**Moderators (TBC):** Dra. Nadia Hindi y Javier Martín-Broto

### 18:30-18:50

#### Clinical trial design: how to optimize the design in small populations

**Prof James Wason.** Professor of Biostatistics, Biostatistics Research Group Newcastle University, Newcastle upon Tyne, UK

### 18:50- 19:10

#### Integrative bioinformatics: big data and beyond

**Carlos Loucera.** Clinical Bioinformatics Area, Fundación Progreso y Salud (FPS), Hospital Virgen del Rocío.

### 19:10- 19:30

#### Discussion
